

## CountrySide Montessori School June Summer Program

### A brief introduction to our CountrySide June Summer Program!

With summer in sight, we have planned countless exciting activities for young children! The summer program has a different feel than the regular school year with more art, music, cooking, discovery activities, gardening, games, and water fun, and exciting weekly topics to choose from.

\*\*\*Children may attend for all four weeks, or just for a few weeks at a time. The morning program (from 3 years of age up for this age group), lasts from 9:00-12:00 pm or until 1:00 pm, if your child stays for lunch. Our summer camp for older children up to 9 years of age, is scheduled from 9:00 until 3:00 pm.

\*\*\*Weekly themes, such as Dinosaur Camp, Art Camp, Solar System, and Chefs' Camp, enrich the children's lives and connect them with fascinating topics and experiences that they would not have during the regular school year. Everything is "hands-on" and engaging! Daily use of and practice with Montessori materials is an integral part of our Montessori Summer school program. Daily use of and practice with Montessori materials is an integral part of our Montessori Summer school program. Children want to come back year after year!

\*\*\*Even during outside "play time," the children will enjoy gardening activities, parachute games, picnics, stories, soccer, painting, ball play and more! Once a week, to cool off, we have "Splish – Splash" Water Day which is one of the favorite activities of our children during the June summer camp! We have many photos of our summer camps on this website!

\*\*\*Our AMI recognized program has been in existence for 20 years, headed by Hanne Gottschalk, MA, a native of Germany, who is also organizing and overseeing the June summer camp activities. **Ms. Hanne, the founder along with her husband Bill, is the owner of the school and is at CountySide every day, greeting parents and children, and making sure everything is safe and meeting our high standards.** With over 45 years of experience and a master's degree in child development and family living, your children are in good hands with Spanish, German, and English- speaking adults to boot! Our staff is mature, competent, caring, college educated, experienced, and they truly enjoy being in a Montessori classroom with children! Additionally, former CountrySide students often assist in the summer, providing extra fun for everyone by planning lots of outside games to play! Come see our beautiful CountrySide campus yourself! We welcome you; just give us a call and we will give you a personalized tour of our inspiring, lovely school, and be sure to read our reviews!
